

8W/15W/22W SMARTER CYLINDER PENDANT LIGHT

The Smarter™ range of Architectural cylinder pendant light is a versatile and high performance luminaire that offers precision lighting exactly as required. With sleek and classic style, this cylinder pendant light fixture can be used for any new construction, remodel, or retrofit lighting projects. It's created with modular Design, allowing for easy switch from track mounting to mono-point mounting, ideal for use in architectural, commercial, and residential applications.

The Smarter™ contemporary cylinder Pendant Lights adopt CREE®, Luminus® or Bridgelux® COB LED arrays, delivering 610 to 2600 lumens light output, with up to 120 lumen per watt. Available in black and white finishes, the fixture offers various power options including 8, 10, 15 and 22 watts. In addition, it's supplied with interchangeable beam spreads of 15°, 24°, 38°, 60°. The five-feet field-cutable suspension cable makes it the perfect choice for installations of different heights.

SPECIFICATION:

Product Code	MP-TR023.C06(8W); MP-TR022.C04(15W); 4.TR.025.U09(22W)
Product Name	Smarter™ Pendant Cylinder Light
Input voltage	120V
Power	8W,15W,22W
Power factor	0.95
Dimmable	Triac and ELV dimming
Lumen Flux	8W 610lm; 15W 1420lm & 1100lm(Dim to warm) ; 22W 2550lm(Luminus) & 2200lm(CREE)
Beam Angle	10°, 24°, 38°, 60°
CCT Optial	2700K/3000K/3500K/4000K/5000K
CRI Optial	CRI82(CRI 98 is available)
Lenth of suspension cable	59" cuttable suspension cable
Finish	Black and White
