

CASPIAN EW6818

WALL

PROJECT

DESCRIPTION

Stone elements and metal join together, resulting in masculine elegance. This exterior wall light consists of a 18 inch long metal rectangle with a stone inlay that is flush against the mounting plane, then another slim metal rectangle is suspended just atop of it. LED glow flows from the concealed inner surface. Consider pairing with the larger of Caspian family – the EW6824. Caspian is suitable for exterior use. Chose from black or grey metal finishes.
