

LED Flush Mount

FM42706
INSTALLATION SHEET

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) type of dimmer is required.

- 1.** Remove the fixture from its original packaging. Next, remove the shade (**2a**) from the canopy (**1c**). Connect all wires correctly black to black "L", white to white "N" and the ground wire with provided marrettes (**1b**) from the hardware package. Attach the canopy (**1c**) to the electrical junction box (**1a**) on the ceiling using the two screws (**1d**) and washers (**1e**) provided in the hardware package.
- 2.** Insert the shade (**2a**) back onto the canopy (**1c**) by turning the shade clockwise. (**Do not overtighten**)
- 3.** You have now completed the installation of your fixture, enjoy.
