Inspired by the effortless rhythm of a gentle breeze, the Keanu fan brings both form and function to indoor and outdoor spaces. Its graceful curve appears like carved wood but it is made of ABS blades designed for durability in Wet Location applications. The energy-efficient DC motor ensures quiet, powerful performance. Offering versatility for any setting, the Keanu is available as a close-toceiling hugger or with down rod options, with or without an integrated, CCT-tunable light kit. The LED is adjustable from a warm 2700K to bright 5000K. Choose from Matte White, Matte Black, or Satin Nickel finishes, with Teak wood blade options for Matte White and Walnut wood blades for Matte Black. Complete with a DC wall control, the Keanu delivers a refreshing blend of modern design and yearround comfort.
