

Project/Job Name:

Location:

Fixture Type:

Notes:

**S11446** - 12 Watt A19 LED; White; 5000K; 1050 Lumens; 120 Volt;  
PIR Sensor; Non-Dimmable

#### ELECTRICAL

|                           |                            |
|---------------------------|----------------------------|
| Technology:               | LED                        |
| Watts:                    | 12W                        |
| Volts:                    | 120V                       |
| Lumens:                   | 1050L                      |
| CRI:                      | 90+                        |
| Rg Value :                | 55                         |
| CCT (Kelvins):            | 5000K - Natural Light      |
| Beam Spread :             | 230                        |
| Hours Rated:              | 15000                      |
| Dimmable:                 | Non-Dimmable -             |
| Incandescent Equivalent : | 75W                        |
| Operating Temperature :   | -20C (-4F) to +40C (+104F) |
| Power Factor :            | 0.7                        |
| Light Source:             | LED                        |
| Voltage Type:             | AC Only                    |
| Warranty:                 | 2-Years                    |

#### PACKAGING

|                  |                    |
|------------------|--------------------|
| Each UPC:        | 045923114465       |
| Each Quantity:   | 1                  |
| Each Dimensions: | 2.44 x 2.44 x 5.71 |

#### INFO

|                     |                                                                                                                                                                                                                                                                                                                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Additional Info:    | The lamp has an integrated motion-activated sensor designed to activate between dusk and dawn. It remains inactive in the absence of motion but turns on for a duration of 5 minutes once motion is detected. This functionality can be overridden by toggling the bulb's switch on and off twice within a span of 3 seconds, allowing it to remain continuously illuminated like a standard light bulb. |
| Specification Note: | Dual Mode Capable: Motion or On-Off Switch                                                                                                                                                                                                                                                                                                                                                               |
| Installation Note:  | To achieve optimal sensor reading, make sure the sensor is facing the desired motion area within proper distance and angle.                                                                                                                                                                                                                                                                              |

#### PHYSICAL

|                   |                       |
|-------------------|-----------------------|
| Base:             | Medium                |
| Shape:            | A19                   |
| Finish:           | Frost                 |
| Dimensions (In.): | MOL: 5.11 - MOD: 2.36 |
| Weight (Lbs.):    | 0.27                  |
| Material:         | Plastic               |
| Housing Color:    | White                 |

#### COMPLIANCE

|                             |                                   |
