13.25" Mercury Glass LED Sconce

SKU: FR42900UB

Reminiscent of the shapes light takes as it reflects off water and glass, Astra's sculptural, abstract form evokes the silhouettes reflections leave behind. Through an interplay of scale and luminosity, artisan-blown mercury glass transforms light itself into an expression of artistic ingenuity. The glow of unlacquered brass, enhanced by warm-dim LEDs, casts a luxurious amber aura, amplified by the glass's silvered surface.
